

HERA INDEMNITY

Broker at **LLOYD'S**

Commercial Insurance

Product Liability Insurance

This is an important policy if you are a manufacturing company or supply products with your company name on them. If these products fail in some way, the purchaser or user may sue for damages or compensation for the costs of the product fault or failure. Product Liability Insurance will protect you against such action.

One of our brokers will call you back, give more details and send a quote -
